

Arlington Public Schools
“Providing the means to accomplish dreams”

Supportive Information Sheet

**Subject: ACCEPTANCE OF CINTAS UNIFORM DONATION
TO THE ARLINGTON FIRST ROBOTICS CLUB**

Action

Page(s): Cover Only

Submitted by: Brett A. Sarver, CTE Director

Date: January 26, 2009

Background Information:

Mr. Scott Jarvis from CINTAS recently attended a FIRST Robotics Club 2903 meeting held at Arlington High School on December 10, 2008. This meeting was held to inform parents and community members about our new FIRST Robotics Club and how they could assist us during the year. Mr. Jarvis stepped forward after the meeting and said that CINTAS would donate shirts for our club members. These new shirts would be used for our formal competitions held throughout the United States. CINTAS has donated 900 shirts at a price of \$7.25 a shirt. The total amount for this donation is \$6,525.00

Administrative Consideration:

The new FIRST Robotic Club 2903 shirts will be print screened with our club name, club number, mascot and motto as well as a logo from the FRC organization. The FIRST Robotics Club at Arlington High School is raising money now to complete the print screen designs on our new formal shirts.

Superintendent’s Recommendation:

That the Board accepts this donation of shirts valued at \$6,525.00 from CINTAS.
