**Submitted by:**                     Diane Kirchner-Scott,  
                    Executive Director of Teaching and Learning                    

**Date:**                     March 23, 2009                    

**Background Information:**

Title V, in the past, has been a federal grant for the use of innovative programs. Districts were told that this grant would no longer be available. However, we received notification in February that there would be a reallocation of funds and the possibility of a \$1000 grant for districts.

**Administrative Consideration:**

The purpose of these funds is to purchase library resources to support students in core content areas to meet the goals under No Child Left Behind.

**Superintendent's Recommendation:**

That the Board approves the federal grant of \$1,000.00 from Title V.
