Date: _____ October 13, 2008

Background Information:

The Stillaguamish Tribe of Indians is donating \$1,200.00 to the Kent Prairie Library to support our Accelerated Reader Program. This program is a motivational support for reading. Students who meet their goals receive incentives and the most desired prizes are books. A second purpose is to fund an author visit. An author will be selected and will present about the writing process to our students.

Administrative Consideration:

The Stillaguamish Tribe's generous support is appreciated by our staff and students. The Tribe has a history of being an extremely supportive group for Kent Prairie's library and other projects. This gracious gift of \$1200.00 to support Accelerated Reader and to fund an author visit will go a long way toward encouraging readers and writers.

Superintendent's Recommendation:

That the Board of Directors accepts the donation of \$1200.00 from the Stillaguamish Tribe of Indians for the purpose of providing incentives for the Accelerated Reader program and an author visit.
