**Background Information:**

The Office of Superintendent of Public Instruction requires an updated Facilities Study and Survey prior to their authorization for use of state funds. As part of the Study & Survey, the Arlington School Board of Directors is required to pass a resolution acknowledging that a formal inquiry of adjacent school districts indicates that no educational facilities are available to house non-resident students.

**Administrative Consideration:**

We have inquired with all surrounding districts asking if they currently have, or expect to have any accessible, unused or underutilized school facilities available to neighboring districts. The responses to those inquiries were all negative. The attached resolution reflects no availability of space in those districts.

**Superintendent's Recommendation:**

That the Board adopts Resolution 08-18 ~ *Confirming No Unused/Underutilized Educational Facilities in Adjacent School Districts.*
