“Providing the means to accomplish dreams”

Supportive Information Sheet

Subject: DONATION – TWO-WAY RADIOS

Action

Page(s): _____ Cover Only

Submitted by: _____ Brian Beckley, Principal, Post Middle School

Date: _____ December 8, 2008

Background Information:

Post Middle School PTSA would like to donate 10 BPR40, UHF, 8-channel radios, an FCC license, and their accessories. The purchase amount was \$2,379.41. The funds were generated from the PTSA Fall Fundraiser. The approval for this donation took place during their October 28, 2008 meeting.

Administrative Consideration:

The Post Middle School PTSA is committed to improving our school and ensuring student safety. They have allocated funds over the past three years to support school-wide efforts to improve student achievement in a safe and secure learning environment. The radios donated to Post will enable administration and support staff to communicate. During an emergency event, it is vital that all members of the Emergency Response Team communicate with each other.

Superintendent’s Recommendation:

That the Board accepts the donation of 10 radios, an FCC site license, and accessories from the Post Middle School PTSA.
